Property Description

Developed by Casas Fintech, this masterpiece of contemporary architecture is located in the prestigious Lomas de Marbella Club on Marbella's Golden Mile. Built across 1,460 m² on a 1,010 m² plot, the five bedroom residence achieves a perfect balance between elegance, privacy, and Mediterranean serenity. Designed with wood and stone as its main elements, the home radiates organic warmth; infusing the interior with a sense of green tranquility and the exterior with calm, natural harmony. The layout is carefully crafted to separate intimate spaces from social areas, beginning with an open-plan living and dining room paired with a light-wood kitchen overlooking the heart of the home. Floor-to-ceiling glass doors lead to expansive terraces and landscaped gardens, flooding the interiors with natural light. This level also features a private guest suite with terrace access for added independence. Upstairs, three serene bedrooms include two guest suites opening onto the terrace and a master suite with a walk-in closet and a luxurious bathroom featuring a rain shower and bathtub. The lower level is devoted to wellness and leisure, offering a spa, hammam, home gym, wine room, office, playroom, and an additional en-suite guest bedroom with direct garden and pool access. Outside, manicured gardens surround a private pool, outdoor lounge, dining area, and fully equipped kitchen—creating the ultimate setting for alfresco living and refined Mediterranean comfort.
